PM&E Project #12-021

# 64<sup>th</sup> Avenue Upgrade & Reconstruction

Laurel to Norm

**PM&E** The Municipality of Anchorage is planning to upgrade 64th Avenue between Laurel Street and Norm Drive to improve vehicular and pedestrian safety in the neighborhood. Upgrades will include improvements to the roadway and drainage system, new sidewalks and/or pathways, and new street lighting.

The project team is in the preliminary engineering phase; the earliest construction could occur is 2015 (pending funding availability). At key milestones, the project team will be attending Abbott Loop Community Council meetings, holding public open houses, and sending out updates.

**Please join us for Open House #1 on October 23, 2013 to meet the project team and see a project overview.** The project team will present the conceptual design and be there to answer questions and listen to your comments.

## OPEN HOUSE #1

Wednesday, October 23, 2013

6:30 PM—8:00 PM

Northern Lights ABC School

Multipurpose Room

2424 East Dowling Road
