

CRW Engineering Group, LLC (CRW) offers a **one-stop solution** for all your planning, permitting, surveying, engineering, and construction management needs. With **more than 90 staff and over 40 years of experience**, CRW provides innovative design solutions for projects ranging from small studies to major development projects.

Our goal on every project is simple:

Serve our clients with dedication and responsiveness and help make the communities we work in better places to live.

CAPABILITIES

CORE COMPETENCIES

- Civil Engineering
- Communications Engineering
- Construction Administration
- Controls Engineering
- Electrical Engineering
- Environmental Engineering
- Geotechnical Engineering
- Mechanical Engineering
- Planning
- Structural Engineering
- Survey & Mapping
- Transportation Engineering

SPECIALTY SERVICES

- Aviation Facilities Design
- Building Renovations & Remodels
- Contract Administration
- Grant Writing
- Hydraulic & Hydrologic Modeling & Design
- Inspection Services
- Lighting Design
- Power Generation & Distribution
- Project Management
- Public Involvement
- Sanitary Sewer Collection & Treatment
- Site Development
- Street & Roadway Design
- Trails & Non-Motorized Transportation Infrastructure
- Utilities Design
- Water Source Development & Treatment Facilities
- Water Distribution, Storage Tanks & Reservoirs

OUR PHILOSOPHY

CRW is a company of highly motivated professionals committed to the success of our clients through excellent service and technical competence.
